

October 14, 2025

Dear Valued Partner,

As we approach the new year, we want to make you aware of a scheduled **price adjustment effective January 1, 2026**. This update reflects our continued commitment to delivering exceptional, American-made products while balancing the rising costs of materials, production, and operations.

As an American manufacturer, we take great pride in producing high-quality, reliable equipment built to meet the demands of commercial kitchens. Over the past year, we have continued to invest in improving product performance and enhancing service support. These ongoing efforts ensure that you continue to receive the dependable quality and innovation you expect from us.

To maintain **current 2025 pricing**, purchase orders must be received between **November 1, 2025 and December 31, 2025**, and ship no later than **February 16, 2026**. Orders placed or shipped outside of these parameters will be subject to the new 2026 pricing.

While we have worked diligently to manage costs, general increases in material, component, and operating expenses have made a modest adjustment necessary. We have taken careful consideration to keep this increase as minimal as possible while maintaining our commitment to exceptional value, performance, and long-term reliability.

The product lines impacted are as follows:

Product Line	% Of Increase
Electric Evolution 3pan and 6 pan Steamers and Accessories	2
Gas Evolution 3pan and 6pan Steamers	4
Electric and Gas AccuSteam Griddle and Accessories	2

We sincerely appreciate your continued trust and partnership. If you have any questions regarding this change, please don't hesitate to contact your Territory Manager.

Thank you for your understanding and support as we continue to invest in American manufacturing and deliver the quality you depend on.

Sincerely,

A handwritten signature in black ink, appearing to read "Cambria Menendez".

Cambria Menendez
