Date: April 7th, 2025

Dear Valued Customer,

We want to provide an essential clarification regarding recent tariff developments.

As mentioned in our price increase announcement sent on March 28th, 2025, BK Resources will implement a 12% price increase effective April 14, 2025.

We want to confirm that the newly applied tariffs (Rose Garden announcement) do **not** impact stainless steel and aluminum. These products remain subject to the 25% tariff announced on March 12, and we can confirm a 12% price increase effective on 4.14.25.

Thank you for your continued partnership and understanding as we navigate these evolving circumstances.

Sincerely,

Matt Woelfer

V.P. of Sales & Marketing

BK Resources

C: 217-390-1966
