June 1, 2026

To our Valued Customers,

Due to unique increases from critical vendors, as well as ongoing costs in logistics and raw materials, we are announcing an upcoming adjustment to our pricing structure.

Effective July 1, 2026, we will be implementing a weighted increase of approximately 2.5% and adjustments will be varied by product category. Orders for immediate shipment received by July 1 will be billed at the current (April 1, 2025) pricing.

Thank you for your continued support.

Sincerely,

Edlund Company, LLC

David J Sebastianelli
Senior Vice-President, Global Sales and Marketing
