

March 2, 2026

Dear Valued Partners,

We want to share an upcoming pricing update related **only to equipment manufactured in China** (i.e., SR, GF, ESG, PF, PSDU, CDC families).

This change does not impact any other Frymaster/DEAN equipment.

Due to recent changes in applicable tariffs, we are in a position to reduce our pricing by approximately 10% on all China-manufactured serialized equipment, effective on Purchase Orders placed on or after April 6, 2026.

Our goal is to reduce retail pricing and pass the benefits of tariff reduction on to the end users.

We will share an updated price list soon. Please feel free to reach out to your sales representative with any questions.

Thank you for your continued partnership.

Best regards,

A handwritten signature in black ink, appearing to read "Oscar Villa".

Oscar Villa
President, Frymaster
