Subject: SR152 & SR162 Price Reductions Effective October 1

Dear Valued Partners,

We are pleased to announce price reductions on the SR152 and SR162 fryers, effective October 1, 2026.

As part of our ongoing efforts to optimize our cost structure within our China manufacturing operations while maintaining the quality, performance, and reliability customers expect from Frymaster/DEAN, we have achieved cost savings that allow us to reduce pricing on these models and strengthen their position in the market.

Effective October 1, 2026:

	List price	UMRP
SR152	\$ 3,469	\$ 1,457
SR162	\$ 4,384	\$ 1,841

Thank you for your continued partnership and support.

Best regards,

Oscar Villa
President
