

Valued Customer,

We want to thank you for your continued partnership and trust in our company.

Since February, we have worked diligently to absorb significant increases in raw material, freight, energy, and operating costs in an effort to minimize the impact on our customers. However, continued inflationary pressures and ongoing global geopolitical instability have created additional cost increases throughout our supply chain that can no longer be fully absorbed internally.

As a result, we will be implementing a price increase of **9.5% across all items, effective June 1.**

Please know this decision was not made lightly. We remain committed to supporting our customers and have intentionally chosen to absorb a portion of these ongoing increases rather than pass through the full impact.

We understand that pricing adjustments create challenges, and we greatly appreciate your understanding as we work to continue providing the high-quality products, dependable service, and supply reliability you expect from us.

Your sales representative will be available to discuss specific details and answer any questions you may have.

We sincerely value your business and appreciate your continued partnership.

Best regards,
