

June 17, 2025

To our Valued ITI Customers,

We wanted to send you a quick update following our earlier communication about the upcoming tariff-related price increase. While we had initially scheduled the adjustment to take effect on **July 1**, we've decided to **push that date to September 1, 2025**.

The reason for this shift is simple — we're still waiting on further clarification regarding the full scope and timing of the tariff changes. Rather than rush an adjustment without all the details, we felt it was more responsible to allow additional time to better understand how these tariffs will play out.

As always, we'll continue to monitor the situation closely and do everything possible to minimize the impact on your business. Once we have more concrete information, we'll share the finalized pricing updates.

Thanks again for your partnership and understanding. We truly appreciate your continued support.

Sincerely,

Patrick Carroll
General Manager
International Tableware Inc.
