

March 20, 2026

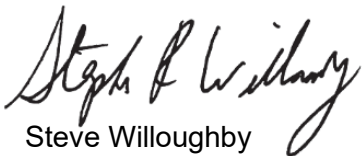

Dear Valued Customer:

Effective July 1, 2026, Jackson WWS, Inc. will implement a price increase. Pricing for equipment, options, and accessories will increase by 5%. We have considered both the short and long-term history of commodity price fluctuations, health care costs, labor costs, and other costs that have impacted Jackson's business cost structure in implementing this pricing change. While it is necessary to increase our prices, our goal has, and will always be, to provide our customers with a high level of quality and performance at an affordable price. Jackson is confident that beyond this increase, products from Jackson WWS will remain the best value in the warewashing category.

Orders received by Jackson before July 1, 2026, must have a requested ship date of July 31, 2026, or earlier, or will be subject to the price increase.

We appreciate your understanding and acceptance of these pricing adjustments and thank you for your continued support of Jackson Warewashing Systems.

Regards,

Steve Willoughby
Vice President of Sales & Marketing
