

February 25, 2026

Dear Valued Customer,

Due to sustained cost pressures from tariffs and other incremental supply chain expenses, a 5% price increase across all oven series will take effect **April 1, 2026**. This adjustment allows us to continue delivering the performance, reliability, and quality you expect from Lincoln.

Price Adjustment Summary – 5% Across All Product Series

- 2500 Series - DCTI
- Aperion® 24 Series
- 1100 Series - Impinger II
- 1400, 1600, and 3240 Series Large Ovens
- Spare Parts

Order & Pricing Guidelines

- Orders received on or before February 25, 2026 with a scheduled to ship date prior to September 1, 2026 will be honored.
- Orders received on or before February 25, 2026 with a requested ship date after September 1, 2026 will be subject to repricing. Customer Service will notify you if adjustments are required.
- New orders received prior to April 1, 2026 will be processed at current pricing provided:
 - Shipment is requested on or before April 30, 2026 (or within standard lead times if beyond April 30), and
 - Order quantities align with historical purchasing levels (no advance “price protection” orders).

We remain committed to transparent communication, fair pricing practices, and delivering industry-leading solutions. We greatly value your partnership and appreciate your understanding as we navigate these external cost pressures.

If you have any questions, please contact your Lincoln representative or Customer Service team.

Thank you for your continued trust in Lincoln.

Best Regards,

Matt Kampert
President, Lincoln
