Price Increase Notification: **Merrychef**

Over the past several months, we have experienced sustained increases in material, labor, and logistics costs throughout our supply chain. While we have worked hard to offset these pressures through operational efficiencies, strategic sourcing, and productivity improvements, we can no longer fully absorb the cumulative impact of these rising expenses. Because of this, it is necessary to increase the price of our products effective April 1, 2026.

While the exact percentage of the increase is being finalized by product, we wanted to provide you with advanced notice of our planned increase. A new price list will be provided around March 1st.

Any orders received prior to April 1st for immediate shipment will be honored at current pricing. Orders received with a specified ship date after April 15th will be subject to the April 1st price increase. In addition, any products with extended lead times or not in stock will be subject to the April 1st price increase.

We remain committed to minimizing impacts on your business while continuing to deliver the industry's most trusted, high-performance products. Thank you for your partnership and ongoing support.

Thanks

Garamy Whitmore
