October 1, 2025

Dear Middleby Partners,

Throughout 2025, Middleby has worked diligently to support our customers in navigating the increased costs and disruptions caused by global tariffs in effect for most of the year.

To minimize your risk, protect your profitability, and reduce uncertainty, we guaranteed pricing for the first half of 2025 and leveraged our global network of resources to mitigate costs wherever possible. This reflects our commitment to a strong partnership with you.

However, as we approach 2026, the ongoing impact of tariffs continues to elevate our costs, both directly with global suppliers and indirectly with U.S.-based suppliers. As a result, Middleby will implement a price increase for our commercial brands effective January 5, 2026. We will provide the specific percentage range of this increase closer to the end of 2025, once the full impact is clearer.

To support your planning, Middleby will honor all current pricing for orders received by December 31, 2025, and scheduled for shipment no later than January 31, 2026.

Thank you for your continued trust and support of our brands. Please feel free to reach out to me directly with any questions or concerns.

Best regards,

A handwritten signature in black ink, appearing to read "Steve Spittle", with a stylized flourish at the end.
