

MADE FOR WORK **THAT MATTERS**

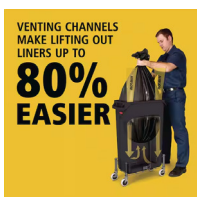

BRUTES

The Rubbermaid Commercial vented BRUTE® container has innovative venting channels make lifting out liners up to 50% easier, improving productivity and reducing the risk of injury. The proprietary design constructed with the highest quality material plus a UV inhibitor ensures long life in even the most extreme commercial environments. Guaranteed to never fade, warp, crack, or crush.

SLIM JIM'S

The Rubbermaid Commercial Vented Slim Jim® Container is crafted to make waste management compliance easier and reduce strain on workers. Constructed of high quality, commercial-grade materials, these containers feature 4 venting channels that make removing garbage bags up to 80% easier than traditional straight wall receptacles. The Vented Slim Jim® Container features 4 bag cinches that secure liners around the rim of the container and create quick, knot-free liner changes. Robust handles at the base and rim of the container resist tearing and improve control while lifting and emptying.

MATERIAL HANDLING

This retrofittable ergonomic handle supports day-to-day tasks and features a removable caddy for easy dumping. The caddy includes two integrated stick good holders for quick tool access and a built-in trash bag dispenser to keep supplies organized on the go. Designed with user comfort in mind, the handle helps reduce strain while maintaining control during transport. Ideal for busy shifts, it keeps essential tools and materials within reach to maximize efficiency.
